# LET US TELL YOU

**Let Us Tell You is a coming together of young people's powerful voices on film and an invitation to step inside their thought provoking and sometimes imaginary worlds.**

You'll learn what's important to Mortal Fools' Youth Theatre right now, and what they feel the world (and other young people) need to hear at this time. Available to watch now via Mortal Fools' YouTube channel.

Let Us Tell You, is two separate films inspired by and connected by two questions:

**If you could say one thing to other young people right now what would it be?**

**If you could change one thing for young people right now what would it be?**

In tackling those questions, there has been a lot to uncover and now Mortal Fools' Youth Theatre are ready to share their answers with you, so here we go... Let Us Tell You...

Let Us Tell You is a film project co-created by Mortal Fools' Youth Theatre and professional artists. It consists of two creative films that can be watched on Mortal Fools' YouTube channel. The films are for young people and people interested in young people's contemporary issues.

# MY MONSTER ARRIVED

**We've all had a monster tap us  
on the shoulder when we were  
least expecting it, right?**

**A monster that steals the light  
and sneaks into your dreams...  
All you want is for them to go away  
and disappear into a tiny speck of  
dust or a big puff of smoke.**

**COME ON MONSTER, WHERE ARE YOU?  
We are ready to face you...**

**My Monster Arrived playfully  
explores monsters as a visual  
representation of fear, uncertainty  
and anxiety about both very  
real and very imaginary things  
intertwined.**

**We all have monsters lurking in our  
brains, but what if we talked about  
them or even... talked to them?**

**Maybe, just maybe, our monsters  
might hear us and get smaller and  
smaller and smaller.**

# THANK YOU FOR LISTENING

**Here we observe a collection of teenagers... struggling to make sense of themselves.**

**Watch as they wrestle with an uncertain, judgmental world and stumble over endless life choices and expectations.**

**But wait...we now see our teenagers, emerge out of this confusion and chaos, now hopeful and embracing their differences.**

**Thank You For Watching mimics a nature documentary, as a narrator observes a collection of teenagers out there in the wild, struggling with a confusing contemporary world that influences, dents and shapes their sense of self.**

**This positive film is for anyone trying to figure out who they are, or who they want to be and is a reminder, that it is ok to not know just yet.**

**And future you, could be ANYONE; that's all part of life's adventure and figuring it all out and who knows, it could actually be fun...?**

Let Us Tell You is captioned and a transcript version is also available. For any further information on accessibility or any suggestions, please drop us an email on [Rachel.Horton@mortalfools.org.uk](mailto:Rachel.Horton@mortalfools.org.uk)

As part of the Let Us Tell You project, we have a downloadable resource; parents and people who work with young people can use it to further explore the film's themes. This resource will have suggested games, activities and reflective prompts to use both before and after you've watched the films. Mortal Fools are a multi-award winning, theatre, drama and creative learning charity. We're growing every year, and we could not do what we do without the generous support of our partners, funders, organisations and individuals. As a charity, we depend on this generous support and we are always open to donations to help support our work with children and young people across the North.
