- provide employees and volunteers with the overarching principles that guide our approach to online safety.
- operate in line with our values and within the law in terms of how we use online devices.

We believe that:

- children and young people and adults should never experience abuse of any kind.

- working in partnership with children, young people, their parents, carers, and other agencies is essential in promoting young people's welfare and in helping young people to be responsible in their approach to online safety.
