

**Save the World lyrics – written and performed by Mortal Fools Stage 2**  
**Tyne Valley group**

**VERSE 1:**

From the kangaroo that hops, to the fish in the seas,  
From the ants in the hole, to the flowers and the bees,  
If they could speak they'd shout with urgency,  
Please stop this climate emergency!

**VERSE 2:**

Litter on this earth – bin it now!  
It stops new life – shouldn't be allowed!  
The world is diverse – from head to toe!  
We should celebrate this – let's go!

**VERSE 3:**

Nature is beautiful, flowers and trees,  
But all this pollution is making them wheeze,  
We can do something, let's work together,  
Or the world'll be sad and ruined forever!

**CHORUS:** 'Let's Stand Up and Save the World' x2

**VERSE 4:**

We have this wonderful diversity,  
But it's getting ruined by people being dirty,  
If we don't protect it now,  
It could all disappear like POW!

**VERSE 5:**

Why can't we let the worms have a home?  
We keep treading on them, not leaving them alone  
Nature gives us happiness  
So let's start being a little less selfish!

**CHORUS:** 'Let's Stand Up and Save the World' x2

**VERSE 6:**

Our eco-system is totes amaze,  
But we're putting it through a horrible phase.  
Our beautiful planet we need to protect,  
Otherwise, it will get wrecked!

**VERSE 7:**

I saw people in my neighbourhood,  
They were hunting in the wood,  
What they were doing made me feel mad,  
I thought, that's really bad!  
You wouldn't like that done to you,  
And btw, pick up your dog poo!  
I don't want to see it on the path,  
It makes me want to unleash my wrath!

**CHORUS:** 'Let's Stand Up and Save the World' x2

**VERSE 8 (RAPPING):**

Human Nature, there's love to share

Caring for habitats, it's only fair  
to the eco Systems - yeah let's list em!  
Forest, Aquatic, desert, grass  
And Tundra - which is very brass!  
Brr, I wouldn't live there  
But animals do, so we need to care  
Let's show love to everywhere!

**CHORUS:** 'Let's Stand Up and Save the World' x2

**VERSE 9:**

My teachers always say to be kind  
But some people think it's fine  
To dump waste in our rivers, it's a crime  
Come on, shout out, we're running out of time!

**VERSE 10:**

The world needs some more kindness in it  
Hey, don't be lazy - recycle it!  
Fossil fuels, climate change  
All these things need to change!

**CHORUS:** 'Let's Stand Up and Save the World' x4
